Subject: Cultural Resources Concurrence Request, Wilkinson Construction Company, Dugout Canyon Gravel Pit, S/047/0112, Uintah County, Utah

Dear Ms. Hunsaker:

The Division of Oil, Gas and Mining has received a proposal from Wilkinson Construction Company to conduct small mining operations in the Northeast ¼ of Section 32, Township 14 South, Range 22 East, Uintah County, Utah. Enclosed with this letter are copies of the cultural resources survey report and two of the maps provided by the operator.

SWCA Environmental Consultants performed a literature review of surveys that have been done within 0.5 miles of the project area. One of the surveys done in the project area completely covered the entire project area, and no sites were observed (please see the letter from SWCA).

In accordance with these, the Division of Oil, Gas and Mining has determined that there will be **No Adverse Effects** to significant cultural resources, and we seek your concurrence with this determination.

Thank you for your assistance. Please call me at 801-538-5261 if you have questions about this request.

Sincerely,

Paul B. Baker  
Minerals Program Manager
